

What's Happening at the Harp!

July 2017

Garden to Table

Summer is in full swing at David's Harp and we have been spending many days out working in the community garden. While the garden is located right out in front of the David's Harp building, this space is shared and loved by many neighbors in the community. Gardening helps our members reduce stress and get exercise, as well as increasing access and awareness about the health benefits of eating fresh and unprocessed foods. We are looking forward to watching everything grow over the next few months!

David's Harp is on Social Media!

Interested in more frequent updates about activities at David's Harp? Follow us on Facebook and Twitter! We will be posting about activities and projects throughout the month.

Support David's Harp at Food Fight

David's Harp is excited to be partnering with Food Fight at their new Halsey location! You can make a donation to David's Harp while shopping and pick up a David's Harp button handmade by participants in our art groups.
