

What's Happening at the Harp!

June 2019

Members enjoy an afternoon at the Beach!

In May, many David's Harp members enjoyed a special day trip to the Oregon Coast. Members were able to shop at stores, eat out at a restaurant with friends, and walk along the beach and promenade. Community Integration fundraising and grants allowed David's Harp to secure an accessible charter bus and cover all trip expenses so that all interested members could participate. In addition to providing positive memories and experiences, the trip allowed participants to practice coping skills while being in the community for an extended period of time.

Art Therapy at David's Harp

David's Harp is excited to announce that an art therapy group will be added to the schedule on Fridays from 1:30-3:00! Art therapy will be facilitated by Sam Skye, board certified art therapist and owner of Full Spectrum Therapy. The group will be open to 8 participants enrolled in services at David's Harp.

David's Harp is Accepting New Client Referrals

Do you have a Level C Outpatient, Level C-SPMI, or Level D client who could benefit from services at David's Harp? Please e-mail the ID number and initials to amy.driscoll@cascadiabhc.org to start a referral!
