

# What's Happening at the Harp!

September 2019

## Garden improvement project nears completion

Over the summer, David's Harp and the Parkrose Heights Community Garden hosted a supervised class of students from Oregon Tradeswomen Inc. (OTI) to build a new pergola and seating area in the community garden. OTI's mission promotes success for women in construction trades by providing education, leadership, and mentorship. In addition to providing seating, the attached planter boxes will provide vertical gardening space that creates a shaded area for clients to relax in the hot summer months. We will be hosting one final volunteer work event at 10:00 on Sunday September 22nd to wrap up the final details of the project!
